

COLLEGE NEWSLETTER

Celebrating student achievement this week

A big well done to Finlee T. Y8 who represented his football team, Fleur de Lys last weekend in the U14 National Champions Cup in Nottingham. This prestigious cup competition sees the best teams across the country representing their home city. Portsmouth were the winners beating Leicester in the final. They are the first ever winners from Portsmouth and are now the number one U14 team in England for 2018.

Adam P. Y8 took part in a cycle race on Sunday 17 June representing Crookhorn College, riding up Ditcham Park Hill against other schools in the County. Adam finished in 5th place for his age group, a very impressive performance indeed.

Ben M. Y8 did a fantastic job for Waterlooville Cricket team, playing against Portsmouth Cricket Club on Sunday 17 June. Ben played as wicket keeper, but when in bat managed to hit multiple fours. Ben was proudly watched by none other than our own Mr Collins!

Headteacher's Merit

Receiving a Headteacher's Merit this week is James N. Y9, who produced an informative review of his experience at a BTCC race meeting at Thruxton. The officials at Thruxton were so impressed with James' review they described it as 'better than that produced by some professional journalists!'.

Harry W. Y9 also received a Headteacher's Merit for his business drive and acumen demonstrated in creating his own website. Mrs Bennet and Mr O'Sullivan are expecting Lord Alan Sugar to be in contact with Harry in the very near future!

House Events

Congratulations to Y9 Petworth House for winning the House Tennis Event Last week.

Trips and Visits

The latest updates for all of our up and coming trips and visits.

EVENT	EVENT	TRIP COORDINATOR

Headteacher's Blog

Crookhorn College's Headteacher Mrs Bennett has recently updated her [Headteacher's Blog](#) on our website with her entry for May 2018.

Important Messages

Message from Mrs Masson, Head of History	In celebration of the movements forward in democracy over the last 100 years, we will be holding a tea party here at Crookhorn. We will be looking at big leaps forward such as all men getting the vote, not just the rich, women achieving the right to vote and also thinking about current hot topics such as the campaign for votes at 16. This is being run by Mrs Masson in History. If you feel you have an opinion on these issues and you would like to put your opinion to Alan Mak our local MP, then speak to your tutor this week!
Message from Ms Sellers, PSHE Co-ordinator	Year 8 PSHE. This term Year 8 are joining schools across the country in raising funds for the British Heart Foundation by taking part in the Jump Rope for Heart Campaign. On Tuesday 3 July, Year 8 will be skipping in support of the amazing work this charity does.

Hampshire Constabulary has asked all Schools to circulate the following information to Parents and Carers (please see separate document).

YOUTH PRODUCED SEXUAL IMAGE

Assessing the risk to safeguard young people

A QUICK GUIDE

DO ANY OF THESE FEATURES EXIST?

As part of Hampshire Constabulary's commitment to working in partnership with education to keep young people safe and informed, it is important we ensure that education partners have a clear picture of the force approach to dealing with cases of YPSI.

This information aims to support schools dealing with cases of YPSI to determine the need to report to police for investigation or whether matters can be dealt with outside of the law by staff, the young people involved and parents, respecting that a police response will not always be necessary.

The presence of any aggravating factors means the matter should be reported to police to safeguard those involved and investigate the case further.

Those involved are under 13yrs?

An adult aged 18 or over is involved?

Multiple victims/wider distribution

The level of sexual nature/type of image

Threats/coercion/harassment present

Grooming or exploitation expected

Wide age gaps in relationship cases

Experiential - Consider alternative resolutions

Images produced for a consensual relationship for romantic or attention-seeking reasons with no identifiable aggravating factors.

Victim/suspect are **not** at high risk of CSE or other abuse and vulnerabilities

No further/persistent contact from suspect

Contact and conversation appear to be age appropriate

Images only distributed between each other

Type of image sent – nature/tone

Call the police on 101

Yes

No

Can I look at the image or content?

Only if it is completely necessary to make a full risk assessment. Conduct this only with permission from the Head, ensure it is the presence of someone else and that it is recorded in school records.

Can I seize a child's phone?

Yes you can. This may be necessary for the safety of the child, to reduce the risk of harmful content being shared or distributed and to make a full risk assessment.

Can I give the child's phone back to them?

Yes. If your risk assessment determines the case is low risk and falls under the experiential criteria, contact parents and agree whether they, you or the child in your/their presence **deletes all images and this is recorded in school records**. Do not give the child the phone back until this has been done.

Will calling the police mean the child will get a criminal record?

Hampshire Constabulary will **not seek to criminalise a young person**, their safety and wellbeing is always the priority. Only in serious cases would the police have to consider formal sanctions.

What do I do if the image is sent to me?

Delete it immediately, do not retain it, show it to others or share it. Report this to your manager and the police.

What if parents aren't happy with the school decision not to call the police?

Ensure parents are informed why and that they have the option to make a report themselves. **Record your investigation**, assessment and rationale to enable police to support you if a report is made that we need to respond to.
