

October 2017

Dear Parent/Guardian

We are committed to ensure that our library stock contains a range of titles suitable for all our students. Students will be able to choose texts that are classified according to emotional maturity and reading age. To help students make a sensible and appropriate choice for them, we endeavour to include guidance on the book cover regarding the content and where possible, our fiction books are categorised and age bands are given.

We are keen to offer children informed choice, without censorship, but with guidance.

I am therefore requesting that you guide us on what you feel is suitable material for your son or daughter to read. If you would like to restrict your child's selection of book up to their chronological age, please indicate on the return slip provided.

Yours sincerely

Mrs S Bennett
Headteacher

(Please return reply slip to Mrs Wood in the Library)

I would not like my child to take books out on loan which are outside their age bracket.
