

Year 10

Summer 2017 Work schedule

The table below provides an outline of the work you are expected to complete during the summer break. You need to identify the subjects that relate to yourself and ensure that you have the details of the work by the end of term if you cannot access it via the internet and the Learning Platform. The work will be collected in at the start of the autumn term, assessed and passed back to you. This will help your teachers decide on your progress towards achieving or excelling your target grades and the subsequent extra support that needs to be put into place for you if required:

Subject	Description of work	Resources for students	Do I take this subject?	Have I completed the work?
Science (all classes)	Using your science revision planner; <ol style="list-style-type: none"> 1. RAG rate the topic checklists for all the topics you have studied this year (your teacher will give you a list). 2. Complete the learning gap sheet identifying areas of weakness. 3. Use the revision guide and your textbook to revise your identified learning gaps. AIM: Have a firm foundation and be confident with all the topics covered this year ready to move into year 11.
